**amending Annexes I and V to Regulation (EU) No 649/2012 of the European Parliament  
and of the Council concerning the export and import of hazardous chemicals**

(Text with EEA relevance)

*This draft has not been adopted or endorsed by the European Commission. Any views expressed are the preliminary views of the Commission services and may not in any circumstances be regarded as stating an official position of the Commission.*

## **EXPLANATORY MEMORANDUM**

### **1. CONTEXT OF THE DELEGATED ACT**

Regulation (EU) No 649/2012 concerning the export and import of hazardous chemicals entered into force on 16 August 2012, applies from 1 March 2014 and repealed Regulation (EC) No 689/2008 concerning the export and import of dangerous chemicals with effect from 1 March 2014.

Pursuant to Article 22(1) of Regulation (EC) No 689/2008 at least once a year the Commission was required to review, on the basis of developments in Union law and under the Convention, the list of chemicals in Annex I to that Regulation. Such amendment was done by adopting Commission Regulation (EU) No 73/2013 of 25 January 2013 amending Annexes I and V to Regulation (EC) No 689/2008 of the European Parliament and of the Council concerning the export and import of dangerous chemicals. However, those changes were not duly reflected in Regulation (EU) No 649/2012, which was already in force at that time but not yet in application, but have been implemented since 1 March 2014 by the relevant authorities and operators on the assumption that Regulation (EU) No 649/2012 was amended by Commission Regulation (EU) No 73/2013, which was not the case. In order to ensure legal clarity and consistency, it is necessary to amend Regulation (EU) No 649/2012 by reproducing Commission Regulation (EU) No 73/2013 and applying the amendment retroactively from 1 March 2014, as it was the initial intention of Commission Regulation (EU) No 73/2013.

### **2. CONSULTATIONS PRIOR TO THE ADOPTION OF THE ACT**

The draft of Commission Regulation (EU) No 73/2013 was in accordance with the opinion of the Committee established by Article 133 of Regulation (EC) No 1907/2006, which assisted the Commission pursuant to Article 24 of Regulation (EC) No 689/2008. Since the content of this draft measure is identical with the content of Commission Regulation (EU) No 73/2013, which was supported by the Member States in that Committee, a written consultation of experts from the Member States on this draft measure was considered sufficient.

### **3. LEGAL ELEMENTS OF THE DELEGATED ACT**

The delegated act amends the lists of chemicals in Annexes I and V on the basis of developments in Union law and under the Convention, as required by Article 23(1) of Regulation (EU) No 649/2012. The legal basis for the proposed delegated act is Article 23(4) (a) and (b) of Regulation (EU) No 649/2012.

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 649/2012 of the European Parliament and of the Council of 4 July 2012 concerning the export and import of hazardous chemicals<sup>1</sup>, and in particular points (a) and (b) of Article 23(4) thereof,

Whereas:

- (1) Regulation (EU) No 649/2012, which was adopted on 4 July 2012, implements the Rotterdam Convention on the Prior Informed Consent Procedure for certain hazardous chemicals and pesticides in international trade<sup>2</sup> ('the Rotterdam Convention'). It is a recast of Regulation (EC) No 689/2008 of the European Parliament and of the Council<sup>3</sup> and replaced that Regulation with effect from 1 March 2014. Regulation (EC) No 689/2008 was amended by Commission Regulation (EU) No 73/2013<sup>4</sup>, which was adopted on 25 January 2013 but did not become applicable until 1 April 2013. The amendments set out in Regulation (EU) 73/2013 were not duly reflected in Regulation (EU) No 649/2012. Therefore, in order to ensure legal clarity and consistency, it is necessary to formally reflect in the Annexes to Regulation (EU) No 649/2012 the amendments set out in Regulation (EU) No 73/2013.
- (2) By Commission Decision 2008/934/EC<sup>5</sup>, the Commission decided not to approve the substances acetochlor, asulam, chloropicrin and propargite, with the effect that those substances are banned from pesticide use and thus should be added to the lists of chemicals in Parts 1 and 2 of Annex I to Regulation (EU) No 649/2012. However, the addition of acetochlor, asulam, chloropicrin and propargite to Annex I to Regulation (EU) No 649/2012 was suspended due to a new application for inclusion of those substances in Annex I to Council Directive 91/414/EEC<sup>6</sup> submitted pursuant to

<sup>2</sup> OJ L 63, 6.3.2003, p. 29.

<sup>3</sup> Regulation (EC) No 689/2008 of the European Parliament and of the Council of 17 June 2008 concerning the export and import of dangerous chemicals (OJ L 204, 31.7.2008, p. 1).

<sup>4</sup> Commission Regulation (EU) No 73/2013 of 25 January 2013 amending Annexes I and V to Regulation (EC) No 689/2008 of the European Parliament and of the Council concerning the export and import of dangerous chemicals (OJ L 26, 26.1.2013, p. 11).

<sup>5</sup> Commission Decision 2008/934/EC of 5 December 2008 concerning the non-inclusion of certain active substances in Annex I to Council Directive 91/414/EEC and the withdrawal of authorisations for plant protection products containing these substances (OJ L 333, 11.12.2008, p. 11).

<sup>6</sup> Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market (OJ L 230, 19.8.1991, p. 1).

Article 13 of Commission Regulation (EC) No 33/2008<sup>7</sup>. That new application resulted in the adoption of Commission Implementing Regulations (EU) No 1372/2011<sup>8</sup>, (EU) No 1045/2011<sup>9</sup>, (EU) No 1381/2011<sup>10</sup> and (EU) No 943/2011<sup>11</sup>, by which the Commission decided not to approve the substances acetochlor, asulam, chloropicrin and propargite, respectively, as active substances under Regulation (EC) No 1107/2009, with the effect that they remain banned from pesticide use. Therefore, the substances acetochlor, asulam, chloropicrin and propargite should be added to the lists of chemicals in Parts 1 and 2 of Annex I to Regulation (EU) No 649/2012.

- (3) By Commission Decision 2008/934/EC, the Commission decided not to approve the substance flufenoxuron as an active substance under Regulation (EC) No 1107/2009 and by Decision 2012/77/EU<sup>12</sup> it decided not to include that substance as an active substance in Annex I, IA or IB to Directive 98/8/EC of the European Parliament and of the Council<sup>13</sup> for product type 18. Flufenoxuron is therefore severely restricted for pesticide use and should be added to the lists of chemicals in Parts 1 and 2 of Annex I to Regulation (EU) No 649/2012. The addition of flufenoxuron to Annex I to Regulation (EU) No 649/2012 was, however, suspended due to a new application for inclusion of that substance in Annex I to Directive 91/414/EEC submitted pursuant to Article 13 of Regulation (EC) No 33/2008. That new application resulted in the adoption of Commission Implementing Regulation (EU) No 942/2011<sup>14</sup>, by which the Commission decided not to approve flufenoxuron as an active substance under Regulation (EC) No 1107/2009. Therefore, the substance flufenoxuron should be added to the lists of chemicals in Parts 1 and 2 of Annex I to Regulation (EU) No 649/2012.

<sup>9</sup> Commission Implementing Regulation (EU) No 1045/2011 of 19 October 2011 concerning the non-approval of the active substance asulam, in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending Commission Decision 2008/934/EC (OJ L 275, 20.10.2011, p. 23).

<sup>10</sup> Commission Implementing Regulation (EU) No 1381/2011 of 22 December 2011 concerning the non-approval of the active substance chloropicrin, in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending Decision 2008/934/EC (OJ L 343, 23.12.2011, p. 26).

<sup>11</sup> Commission Implementing Regulation (EU) No 943/2011 of 22 September 2011 concerning the non-approval of the active substance propargite, in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending Decision 2008/934/EC (OJ L 246, 23.9.2011, p. 16).

<sup>12</sup> Commission Decision 2012/77/EU of 9 February 2012 concerning the non-inclusion of flufenoxuron for product type 18 in Annex I, IA or IB to Directive 98/8/EC of the European Parliament and of the Council concerning the placing of biocidal products on the market (OJ L 38, 11.2.2012, p. 47).

<sup>13</sup> Directive 98/8/EC of the European Parliament and of the Council of 16 February 1998 concerning the placing of biocidal products on the market (OJ L 123, 24.4.1998, p. 1).

- (4) By Decision 2012/257/EU<sup>15</sup>, the Commission decided not to include the substance naled for product type 18 in Annex I, IA or IB to Directive 98/8/EC and by Decision 2005/788/EC<sup>16</sup>, it decided not to include that substance in Annex I to Directive 91/414/EEC. Naled is therefore banned from pesticide use and should thus be added to the lists of chemicals in Parts 1 and 2 of Annex I to Regulation (EU) No 649/2012.
- (5) By Commission Decisions 2009/65/EC<sup>17</sup>, 2009/859/EC<sup>18</sup> and 2008/769/EC<sup>19</sup>, the Commission has decided not to approve the substances 2-naphthoxyacetic acid, diphenylamine and propanil, respectively, under Regulation (EC) No 1107/2009. Those substances are therefore banned from pesticide use and should thus be added to the lists of chemicals in Parts 1 and 2 of Annex I to Regulation (EU) No 649/2012. The addition of 2-naphthoxyacetic acid, diphenylamine and propanil to Part 2 of Annex I to Regulation (EU) No 649/2012 was, however, suspended due to a new application for inclusion in Annex I to Directive 91/414/EEC submitted pursuant to Article 13 of Regulation (EC) No 33/2008. That new application resulted in the adoption of Commission Implementing Regulations (EU) No 1127/2011<sup>20</sup>, (EU) No 578/2012<sup>21</sup> and (EU) No 1078/2011<sup>22</sup>, whereby the Commission decided not to include those substances as active substances in Annex I to Directive 91/414/EEC with the effect that they remain banned from pesticide use. Therefore, the substances 2-naphthoxyacetic acid, diphenylamine and propanil should be added to the list of chemicals in Part 2 of Annex I to Regulation (EU) No 649/2012.
- (6) The entry for dichlorvos in the lists of chemicals contained in Parts 1 and 2 of Annex I to Regulation (EU) No 649/2012 should be amended to reflect Commission Decision

<sup>20</sup> Commission Implementing Regulation (EU) No 1127/2011 of 7 November 2011 concerning the non-approval of the active substance 2-naphthoxyacetic acid, in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market (OJ L 289, 8.11.2011, p. 26).

<sup>21</sup> Commission Implementing Regulation (EU) No 578/2012 of 29 June 2012 concerning the non-approval of the active substance diphenylamine, in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market (OJ L 171, 30.6.2012, p. 2).

<sup>22</sup> Commission Implementing Regulation (EU) No 1078/2011 of 25 October 2011 concerning the non-approval of the active substance propanil, in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market (OJ L 279, 26.10.2011, p. 1).

2012/254/EU<sup>23</sup> not to include dichlorvos in Annex I, IA or IB to Directive 98/8/EC, which has the effect that dichlorvos is banned from pesticide use.

- (7) By Commission Implementing Regulations (EU) No 582/2012<sup>24</sup> and (EU) No 359/2012<sup>25</sup>, the Commission approved the substances bifenthrin and metam, respectively, with the effect that those substances are no longer banned from pesticide use. Consequently, the substances bifenthrin and metam should be deleted from Part 1 of Annex I to Regulation (EU) No 649/2012.
- (8) At its fifth meeting in June 2011, the Conference of the Parties to the Rotterdam Convention decided to include the substances alachlor, aldicarb and endosulfan in Annex III to that Convention, with the effect that those substances became subject to the Prior Informed Consent procedure under that Convention. They should therefore be removed from the list of chemicals in Part 2 of Annex I to Regulation (EU) No 649/2012 and added to the list of chemicals in Part 3 of that Annex.
- (9) The substance cyanamide should be removed from Part 2 of Annex I to Regulation (EU) No 649/2012 since evidence was submitted that Commission Decision 2008/745/EC<sup>26</sup> not to include cyanamide in Annex I to Council Directive 91/414/EEC does not amount to a severe restriction of the use of the substance at the level of the category "pesticide", considering that cyanamide has important uses in the subcategory "other pesticide including biocides". Cyanamide has been identified and notified for evaluation under Directive 98/8/EC. Biocidal products containing cyanamide may thus continue to be authorised by Member States in accordance with their national rules, until a decision under that Directive is taken.
- (10) Following the decision taken under the Stockholm Convention on Persistent Organic Pollutants to list the substance endosulfan in Part 1 of Annex A to that Convention, that substance was included in Part A of Annex I to Regulation (EC) No 850/2004 of the European Parliament and of the Council<sup>27</sup>. Consequently, endosulfan should be added to Part 1 of Annex V to Regulation (EU) No 649/2012.
- (11) Regulation (EU) No 649/2012 should therefore be amended accordingly.
- (12) As, in practice, the amendments laid down in this Regulation have already been implemented by the relevant authorities and economic operators on the assumption that Regulation (EU) No 649/2012 had been amended by Commission Regulation (EU) No 73/2013, they should apply retroactively from 1 March 2014, the date when Regulation (EU) No 649/2012 started to apply,
