

# List of Ingredients Prohibited in Cosmetic Products (Draft)

*This rule has been translated into English according to the original Chinese version.*

*If there is any inconsistency or ambiguity between these two versions, the Chinese version shall prevail.*

| No. | Chemical name                                                                                                                                                                                                                                        | CAS No.                   |
|-----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------|
| 1   | Mercury and its compounds (with the exception of the substance listed in the “List of Preservatives in Cosmetic Products”)<br>Due to the raw material or other technically unavoidable reasons, the trace amounts of Mercury shall not exceed 1 ppm. | 7439-97-6                 |
| 2   | 4-Benzoyloxyphenol and 4-ethoxyphenol                                                                                                                                                                                                                | 103-16-2/<br>622-62-8     |
| 3   | Bithionol                                                                                                                                                                                                                                            | 97-18-7                   |
| 4   | Pilocarpine and its salts                                                                                                                                                                                                                            | 92-13-7                   |
| 5   | Halogeno-salicylanilide                                                                                                                                                                                                                              | -                         |
| 6   | Boric acid                                                                                                                                                                                                                                           | 10043-35-3/<br>11113-50-1 |
| 7   | Sodium perborate                                                                                                                                                                                                                                     | 7632-04-4                 |
| 8   | Sodium borate<br>except for sodium borate used to emulsify beeswax or bleached beeswax, which content should not exceed 0.76%                                                                                                                        | 1330-43-4                 |
| 9   | Chlorofluorocarbons                                                                                                                                                                                                                                  | -                         |
| 10  | 3'-Ethyl-5',6',7',8'-tetrahydro-5',5',8',8'-tetramethyl-2'- acetoneaphthone or 7-acetyl-6-ethyl-1,1,4,4-tetramethyl-1,2,3,4-tetrahydronaphthalen (AETT; Versalide)                                                                                   | 88-29-9                   |
| 11  | Cells, tissues or products of human origin                                                                                                                                                                                                           | -                         |
| 12  | Hydroxy-8-quinoline and its sulphate<br>For use as stabilizer of hydrogen peroxide in hair dyes and perming products, the content should not exceed 0.03% (calc. as base)                                                                            | 148-24-3/<br>134-31-6     |
| 13  | Dichloromethane                                                                                                                                                                                                                                      | 75-09-2                   |
| 14  | 4-tert-Butyl-3-methoxy-2,6-dinitrotoluene (Musk ambrette)                                                                                                                                                                                            | 83-66-9                   |
| 15  | 6-Methylcoumarin (Non-medical toothpaste and mouthwash are otherwise specified by law)                                                                                                                                                               | 92-48-8                   |
| 16  | Vinyl chloride monomer                                                                                                                                                                                                                               | 75-01-4                   |
| 17  | 2,2'-Dihydroxy-3,3',5,5',6,6'-hexachlorodiphenylmethane (Hexachlorophene (INN))                                                                                                                                                                      | 70-30-4                   |
| 18  | Tretinoin (INN) (retinoic acid and its salts)                                                                                                                                                                                                        | 302-79-4                  |
| 19  | 4-Amino-2-nitrophenol                                                                                                                                                                                                                                | 119-34-6                  |
| 20  | Antimony and its compounds                                                                                                                                                                                                                           | 7440-36-0                 |
| 21  | Arsenic and its compounds<br>Due to the raw material or other technically unavoidable reasons, the trace amounts of Arsenic shall not exceed 3 ppm.                                                                                                  | 7440-38-2                 |
| 22  | Cadmium and its compounds<br>Due to the raw material or other technically unavoidable reasons, the trace amounts of Cadmium shall not exceed 5 ppm.                                                                                                  | 7440-43-9                 |
| 23  | Cantharidine                                                                                                                                                                                                                                         | 56-25-7                   |

| No. | Chemical name                                                                                                                                                                                                                                                                                                                                                                                                                                                            | CAS No.                                               |
